Course Information Sheet

Through a series of exercises learners will be encouraged to freely explore and develop confidence in their creative endeavours. The session will be relaxed and include painting to music, testing what colours have the “wow factor” and which colours definitely do not. (These will vary from student to student). Each student will work individually but be encouraged to engage with the group to help develop their ideas.

We are fully committed to equality of opportunity and we welcome enrolments from everyone. We believe that everyone is entitled to learn in an environment that is free from discriminatory behaviour so that we build a community based on mutual trust and respect.

We positively encourage all learners with any concerns about specific needs which might affect their learning to discuss their requirement with us in confidence.

Arrangements have been made to make sure that you are safe in this centre. If you feel you are not safe for any reason, please tell your tutor or centre manager, who will investigate to ensure your safety.
