Course Details

Adding to our previous workshop on "How to apply Make-up".

This workshop takes us one step further....How to create a Smokey eye look.

All the rage, it is shown on virtually every" YouTube" make-up application.

There are a lot of variations on this look and we will look at a few. Adapting

the look to our eye shape and personal taste we can achieve the perfect

Smokey eye.Using the correct tools and blending techniques you will get the

chance to achieve this look under guidance from your tutor.Adding in eyeliner

to further complete this look. We will cover how you can apply false eyelashes

as an additional option, (however due to health and safety regulations we cannot

apply them on the day).We will add the best lip, blush and contouring techniques

to complete our desired look.
