Course Details

Do you love to make your own clothes but find it seems to take a long time, often does not fit well and then looks a bit "home-made"?

Would you like to take a course but your time is limited? If the answer is yes then why not join this two day course and find out how

you can complete a skirt in just 2 days. Using an easy to sew pattern you will learn how to alter the pattern to fit your measurements

and then how to cut out and quickly prepare the skirt for construction. Then using fast professional techniques, you will make a skirt

that fits you and that you are proud to wear. Everything you learn in the 2 days then can be applied to all the other garments that you

make. A full set of notes will be available for each learner

How progress and success will be recorded:
